RFQ date: 2026-07-01 · Product: single-unit, print-on-demand fulfilment of a boxed tabletop game ("ArcoMage")

We are seeking a **print-on-demand (POD)** partner able to produce and **drop-ship single copies** of our boxed game on a **fast turnaround**. This covers two needs: **(a) press / reviewer copies** mailed to individual addresses, and **(b) a premium "fast" retail tier** where a customer's single copy is produced and shipped in roughly **1-2 weeks**. Please quote against the spec below.

What we need first: the price of ONE unit (a sample), delivered. Please quote the **per-copy cost at quantity 1** (this is both our sample and the unit economics of the POD tier), plus the cost at 5 and 25 copies, and your typical **production + shipping turnaround for a single unit** to a US address. A physical sample is how we choose our supplier.

The finished boxed game we need produced on demand (2-player game).

1. What we need produced (per single copy)

The same game as our bulk run, made one at a time. Full color throughout.

Component	Specification
Game box	Full-color box, approx. 2 x 10 x 12 in, with a fitted insert.
Hex board	Mounted folding board, ~10 x 10 in, 35 mm hex grid, full color.
Rulebook	Full-color, ~8-16 pp.
Spell pages (A5)	200 pages (100 spells x 2), printed identically both sides, pre-punched A5 6-ring cardstock.
Player sheets	8.5 x 11 in printed sheets.
Punchboard tokens	Class tokens + scrap counters (rubble art) on a full-color punch sheet.
Dice / bags / markers	12 CUSTOM dice (black/gold; faces 1-5 plus the ArcoMage ouroboros logo as "0" - these are 0-5 counters , 6 per player, never rolled - custom faces, not standard 1-6), 6 velvet drawstring cloth bags with the gold ArcoMage logo, cardboard track sliders, 2 small wizard figures.

If you cannot make every component as **POD**, tell us which you CAN produce single-unit (e.g. box + board + cards + rulebook) and we will supply the loose bits (dice, bags, minis) for you to pack, or drop them to a fixed insert. Partial POD is fine - just be explicit about what is and isn't in your single-unit capability.

2. For your quotation, please provide

1. **Per-copy price at quantity 1** (our sample + POD unit cost), then at 5 and 25 copies.
2. **Turnaround for a single unit** (production + ship) to a US address - we are targeting ~1-2 weeks.
3. Whether you **drop-ship directly to end customers / reviewers** (blind ship, our return address).
4. Any **setup / plate / account fees**, and whether they are one-time.
5. Which components you can and cannot produce single-unit (see note above).
6. US-based production or import lead time, and shipping methods / rates.
7. Whether you support a **storefront / API** so orders route to you automatically.

3. Artwork

Print-ready files (with bleed) supplied on request.

4. Order intent & contact

Ongoing single-unit fulfilment (press copies now; a fast retail tier at launch). Point of contact: **Acquisition Invest LLC**, admin@arcomage.org, (833) 319-3160, WhatsApp +1 (724) 431-5207.
